RE: Estate of John S. Demko, deceased

Dear George:

Please find enclosed our report of findings, genealogical charts, and supporting documentation. Included are copies of the census records requested in Alison Smith's letter of April 16, 2009. As we discussed, the other items requested by Ms. Smith are not available to my office due to restrictions imposed by the state of New Jersey with respect to obtaining copies of vital records. It is my understanding that the family will be able to provide you with the balance of the documentation.

I have also included translated copies of certificates of baptism for the Decedent's father and paternal uncle Jozsef Demko. Of particular significance is a copy of the 1948 gift agreement wherein the Decedent's father and uncle Jozsef give their interest in the real property located in their hometown, Hernadvecse, to the children of their deceased sister Maria Demko Szabo.

As you can see, the enclosed documents combined with those documents accompanying Ms. Smith's February 6, 2009 letter to you clearly establishes the identity of the Decedent's sole heir, paternal first cousin Irene Demko Soltesz, as well as her connection to the paternal cousins once removed represented by Ms. Smith.

Of course, please do not hesitate to contact me should you have any questions or require any further assistance. Thank you.

With best regards,

Cliff von Langen
